Dan Pribisco made a motion to submit reimbursement request # 10 to the PENNVEST engineering loan in the amount of $35,497.14 for EADS invoices since last reimbursement. Christopher Younkin seconded, and the motion carried.

Old Business:

While discussing the proposed change order # 3 from Hickes Associates, Andy Fedorko stated that he reached out to PENNVEST regarding procedures, and PENNVEST representatives stated that materials and labor must follow MBE/WBE standards and be done by a contractor approved at the time of settlement to be eligible for PENNVEST reimbursement.

Dan Pribisco stated that he spoke with LB Water and they can get approved vaults from PA Vault or AC Miller with a 4 day lead time. Dan Pribisco asked if Hickes can purchase the vault from LB Water in order to take advantage of lower costs. Andy Fedorko replied that Hickes should be questioned on that at the next construction conference. Jay Siesky made a motion to approve Change Order # 3 in order to prevent further delays in the completion of the project. Christopher Younkin seconded, and the motion carried.

Andy Fedorko stated that there is an ongoing problem with subsidence at the sewage plant site at the rear of the campground. EADS representatives have determined that this problem was addressed at least 10 years ago. It is their opinion that this project should not be held responsible for the continuing sliding and collapse of the bank. He also stated that the water line is not tested yet and that the easements are in place for the electrical contract. The equipment package for electrical work is released.

Dan Pribisco stated that the new salt building is completed and partially filled with winter maintenance material.

Christopher Younkin made a motion to adjourn, seconded by Jay Siesky
